

BAN-BE-C BELMONT BENCH

CODE: BAN-BE-C

DESCRIPTION

The BAN-BE-C Belmont Bench combines modern design, durability, and functionality in a solution engineered to transform any urban environment. Manufactured from high-strength polymer, it is highly durable, resistant to impacts and UV rays, and vandal-proof, making it a reliable, low-maintenance choice for both public and private areas.

Designed for up to four people, its curved modular form, integrated lighting, and optional technology features deliver both comfort and a modern, interactive experience.
