

REST BENCH

BA-DE-2000L/BA-DE-2000P

BA-DE-2000L

BA-DE-2000P

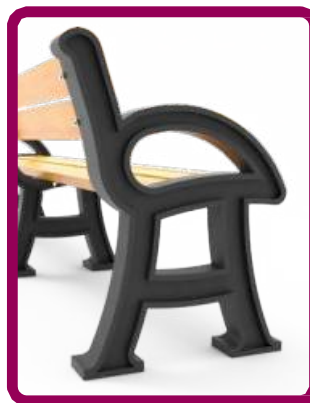

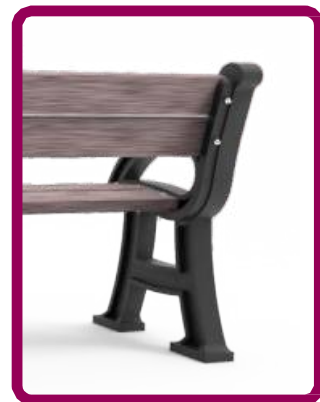

- The **Rest Bench** lateral supports have a retro design with built-in armrests that provide the necessary structure and resistance for users to sit comfortably to read, talk, wait for someone, or simply rest.
- Thanks to the design, it adapts to any public space.
- It's a street furniture element that contributes to improving the image of the cities.
- These benches are assembled with two lateral supports and central support that holds the seat and backrest.
- The seat and the backrest can be made of:
 - Recycled plastic lumber profiles.
 - A 12-gauge steel sheet that can include a design or logo using laser cut.
- The quality and resistance of its materials allow a better performance not only indoors but also outdoors.
- It's low maintenance.

USES

These benches are the perfect choice for parks and playgrounds since it allows parents to rest comfortably while their kids play.

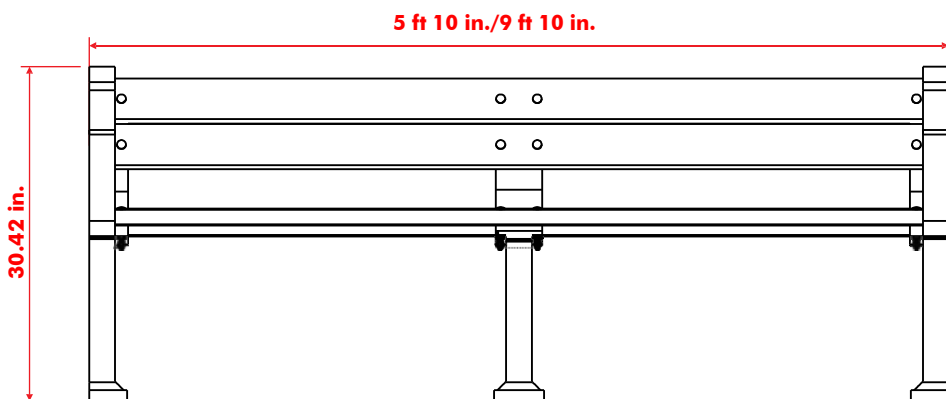

FEATURES

- The line measures are 5 ft 10 in. and 9 ft 10 in. long. However, they can be made in other lengths to adjust them for the available spaces for its installation.
- The strong and resistant supports made of 100% recycled medium-density polyethylene grant an excellent structure and stability to the bench.
- The Rest bench supports include an area specifically designed for perfect floor-anchoring with *Ultrafix* hex-head screws of $\varnothing$ 3/8" $\times$ 5.85 in. and *Extralarge* polypropylene dowels of 3/4" $\times$ 5.46 in.
- Since all the manufacturing materials are weather resistant, these benches are perfect for outdoor use.
- The armrests of the lateral supports provide one more element of comfort to its design.
- The seat and backrest of recycled plastic lumber are assembled to the supports with galvanized carriage bolts, nuts, flat washers, and flat spring washers.
