

RED BIOHAZARD BAG

DESCRIPTION

The material of the **Biohazard Bag** is LDPE and meets the minimum requirements of the parameters listed in the **Official Mexican Standard**.

It complies with the **NOM-087-SEMARNAT-SSA1-2002** standard.

- It has no more than 1 ppm of heavy metals and it's chlorine-free.
- Printed in black with the universal symbol of Biohazard and the caption "Biohazard Solid Infectious Waste."

FUNCTIONALITY

The Red Biohazard Bag is used to dispose of solid infectious waste like cultures and strains of solid infectious agents.

The bags fill up to 80% of their capacity and are closed before being transported to the temporary storage place. They cannot be opened or emptied.

CUSTOMIZATION

It includes the symbol and the caption "Biohazard."
