

ORLI 110

DOME TOP TRASH CAN WITH LINER

DESCRIPTION

The material of the **ORLI 110 Trash Can with Liner** is medium density polyethylene through a rotational molding process which gathers the highest quality conditions and higher resistance to hits and breaks.

- It has UV protection which avoids discoloration.
- It's resistant to weather conditions.
- The trash can has two parts: base and body.
- The top of the trash can is curved and prevents water accumulation inside.
- Large capacity.
- It includes a liner.
- The bottom attaches to the floor with dowels and screws.
- Low costs of investment and maintenance.

CUSTOMIZATION

According to your needs, it can be labeled with your logo or the type of material it contains.

FUNCTIONALITY

The **ORLI 110** is ideal for outdoor and indoor use.

- Ideal for the city.
- Since it's perfect for waste collection, it helps keep public spaces clean.
- It doesn't have edges and defects which facilitates cleaning and discharge.
