

# UTILITY CART

## DESCRIPTION

The material of the **UTILITY CART** is HDPE made through an injection molding process that gathers higher resistance to impacts and avoids deformations.

- It includes three shelves for organizing different types of materials.
- High-quality aluminum posts for greater resistance.
- Easy to move thanks to its four swivel casters.
- Handles on both sides for better maneuver.
- It has the option of adding a *Silverware Bin*.
- UV protection.
- It's highly resistant to weather conditions.

## FUNCTIONALITY

The **UTILITY CART** helps move more materials efficiently and safely throughout a facility.

## CUSTOMIZATION

According to your needs, it can be labeled with your logo or the type of material it contains.
