

PALLET BIN 580/760/825

GERMAN MODEL

DESCRIPTION

- Preserves the product's integrity efficiently and helps reduce waste to farmers, packaging companies, and other products in the same storage.
- Withstands daily heavy-duty use.
- Capacity to store from auto parts to consumer goods.
- Reduces transport costs.
- The German Bin's hygienic grade avoids contamination with germs and bacteria.
- The smooth walls and rounded corners facilitate cleaning and avoid solid or liquid product residues.
- The material of the German Bin complies with FDA standards.

EASY TO TRANSPORT AND STORE

- The bins can be stacked together due to their dimensions and save storage space. These make their transportation practical since you can carry more bins in less space.

STACKABLE

- The design of the legs works to fit perfectly with the inferior bin. In this way, we guarantee the balance of the bins at the time of stacking.
- The bins can't be stacked with wood or plastic containers from other manufacturers.

CUSTOMIZATION

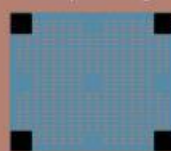

It can be labeled with the legend of the type of material it contains or your logo according to your needs.

FEATURES

- Made of Food Grade HDPE. Light, solid, and resistant.
- It doesn't conserve bacteria and doesn't splinter.
- It can have mesh.
- Maximum resistance to acid, neutral, and alkaline agents.
- Labeling space.
- Lower outlets that avoid liquid accumulation.
- The wall interiors are smooth and free of edges.
- Discharge valve (optional).
- Lid and legs (optional).
- Forklift space.

Volumes, dimensions, and other measures are nominal and may vary by approximately 3%.
