

SUPER PALLET BIN

780/580

DESCRIPTION

The **SUPER PALLET BIN** facilitates the storage and transportation of agricultural and industrial products.

- The dimensions of both models adapt to the mechanical transport and elevation systems.

- Stackable and nestable storage system that brings maximum security in vertical storage.

- Made of HDPE: FDA-approved material.

- The material characteristics of the **SUPER PALLET BIN** make it a suitable product for food transportation. It's resistant to weather, cold storage, acid and alkaline solutions, fungus, detergents, bacteria, etc.

- It's impact-resistant and able to withstand daily heavy-duty use.

- UV stabilized.

- 100% recyclable.

- Double-walled on the center and corners.

- Two grafts for better handling and stacking load.

- Four handles for manual lifting.

- It's stackable up to 4.4 US ton (seven bins) in cold storage.

- Optional lid.

- It has the option of having legs or skid runners.

CUSTOMIZATION

It can be labeled with the legend of the type of material it contains or your logo according to your needs.
