

MESH SUPER PALLET BIN

780/580

DESCRIPTION

The **MESH SUPER PALLET BIN** facilitates the storage and transportation of agricultural and industrial products.

- The dimensions of both models adapt to the mechanical transport and elevation systems.
- Stackable and nestable stowage system that brings maximum security in vertical storage.
- Made of HDPE: an FDA-approved material.
- The material characteristics of the **MESH SUPER PALLET BIN** make it a suitable product for food transportation. It's resistant to weather, cold storage, acid and alkaline solutions, fungus, detergents, bacteria, etc.
- It's impact-resistant and able to withstand daily heavy-duty use.
- UV stabilized.
- 100% recyclable.
- Double-walled center and corners.
- Two grafts for better handling and stacking load.
- Four handles for manual lifting.
- It's stackable up to 4.4 US ton (seven bins) in cold storage.
- Optional lid.
- It has the option of having legs or skid runners.
