

CYLINDRICAL TRASH CAN WITH SWING LID

CODE: BAL3860 P3

DESCRIPTION

The stainless steel **CYLINDRICAL TRASH CAN WITH SWING LID** ensures reliable use and long-lasting durability. Maintenance is minimal, and the unit resists scratching and deformation and preserves a sleek, modern appearance. With proper cleaning and polishing, its surface achieves a mirror-like finish that enhances any space with a sense of cleanliness and freshness.

- Manufactured from 22-gauge Type 430 stainless steel with electro-welded seams, ensuring lasting durability and everyday practicality
- The removable lid allows fast and convenient access to the container interior
- Equipped with a heavy-duty plastic base that safeguards the unit and flooring, preventing scratches or moisture-related stains
- Designed to withstand sunlight, rain, and corrosion
- Side waste-deposit opening for easy use
- Includes sand
- This product is suitable and fully accessible for users with disabilities

DESIGN & USE

- Designed for both indoor and outdoor environments
- The lid features a balanced swiveling motion for optimal smoothness during operation
- Smooth, flawless cylinders with the full advantages of stainless steel
- Perfect for offices, lobbies, hotel accommodations, residential spaces, hospitals, plazas, and commercial centers where both aesthetics and performance are equally essential

CUSTOMIZATION

Based on your specifications, the container can be labeled with the appropriate waste type and customized with your company logo.
