

# GERMAN MODEL 825 R PALLET BIN

CODE: BIN-ALEMÁN-825-R

## DESCRIPTION

The **German Model 825 R Pallet Bin** maintains product condition across a wide range of industrial, agricultural, and warehousing applications.

A high-strength structure handles daily heavy-duty operations and delivers an efficient solution for product collection, storage, and transport, from automotive components to consumer merchandise.

## FEATURES

- Enhances logistics efficiency, reduces transportation costs, and helps limit contamination through hygienic characteristics
- Smooth surfaces allow quick and deep cleaning, minimizing residue accumulation
- Four-side forklift access enables safe and efficient handling across operations
- Stackable and nestable with compatible containers to improve space utilization in storage and transport
- Available options include a protective lid, elevated legs, and drain valves

Resists sudden temperature changes

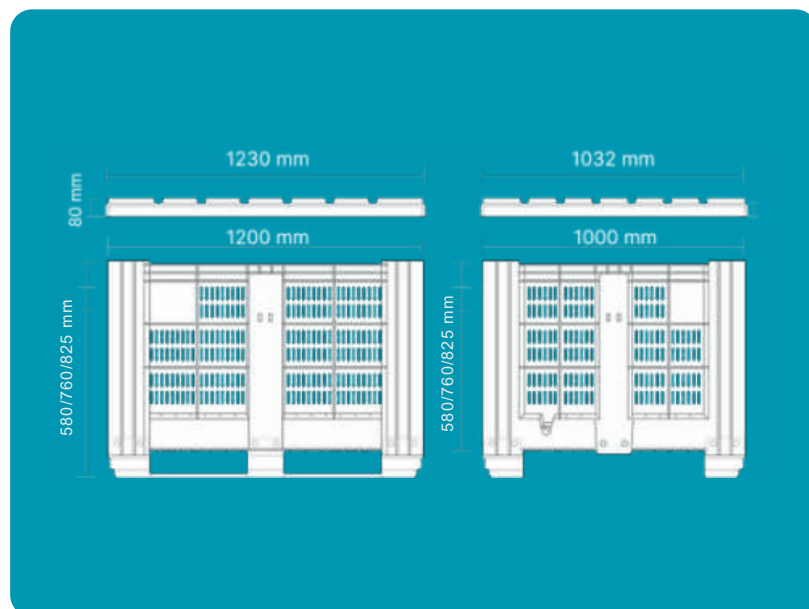

This container performs reliably in diverse industrial environments

Designed with forklift access for efficient handling

## DIMENSIONS

	Length	47.2 in
	Width	39.3 in
	Height	32.4 in

Container color classification:

gre

gra

## DESIGN & USE

- A durable structural design protects contents against physical impact and contamination during handling and storage
- Non-absorbent surfaces do not splinter and allow fast cleaning, lowering the risk of bacterial or residue-related contamination
- Built to handle daily heavy-duty operations in warehouses, agricultural sites, packing houses, and manufacturing plants
- Compatible with fresh, frozen, and dry goods, metal parts, waste streams, and recyclable materials

Versatile for demanding industries and food handling
