

BARREMAX

MULTI-SURFACE UPRIGHT BROOM

DESCRIPTION

The **BARREMAX MULTI-SURFACE UPRIGHT BROOM** is composed of 3 pieces, handle, base, and wood bristles.

- UV protection.
- It has resistance to weather conditions.
- Natural wood stick.
- A polyethylene base and body whose density gathers the highest fluidity conditions and higher resistance to hits and breaks.
- It can sweep large and fine debris and works perfectly on any wet or dry surface.
- It lasts 12 times more than a broomstick.
- Lower administrative and operational costs.
- Recyclable.

FUNCTIONALITY

The **BARREMAX MULTI-SURFACE UPRIGHT BROOM** is designed to clean patios, decks, driveways, garden paths, streets, and much more. The wood sticks help gather more trash in less time reaching every corner and don't raise a lot of dust.

CUSTOMIZATION

According to your needs, it can be labeled with your logo or the caption of the type of material it contains.
