

CLASSIC ROMAN POT

DESCRIPTION

The material of the **CLASSIC ROMAN POT** is medium-density polyethylene through an injection molding process which allows manufacturing in one piece without riveted parts. This helps avoid stress points or fragility that could affect its resistance.

- Highly resistant to any weather conditions.
- UV protection.
- With or without coating.

FUNCTIONALITY

The **CLASSIC ROMAN POT** allows keeping plants without watering for an extended time.

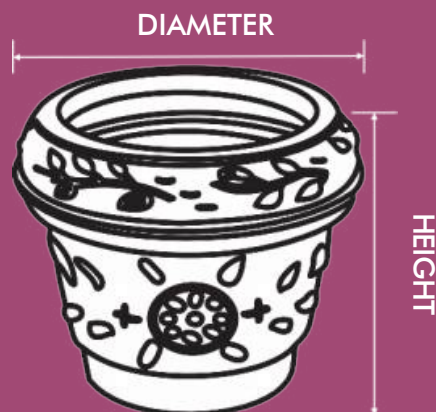

It's perfect for any place, outdoors or indoors, where you need to have plants.

Very useful in public squares, gardens, green roofs, households, offices, schools, hospitals, shopping malls, etc.
