

CITY 120 POLE MOUNT TRASH CAN

DESCRIPTION

The material of the **CITY 120 Pole Mount Trash Can** is medium-density polyethylene through a rotational molding process which gathers higher resistance to impacts and avoids deformations. In addition, it was designed by the Mexican sculptor Miguel Ángel González.

- Since it's detachable, it makes it easier to discharge.
- UV protection.
- It's resistant to weather conditions.
- The lid has an opening of 4.13 in. that prevents the deposit of larger trash bags.
- It has a chrome liner ring on the inside where the trash bags attach to avoid falls or you can add a liner.
- It has a plate on the inside for screwing and fixing it to the floor.

Note: If the trash bag isn't placed correctly, it can stain you when discharging waste.

CUSTOMIZATION

According to your needs, it can be labeled with your logo or the type of material it contains.

FUNCTIONALITY

- Since it's perfect for waste collection and recycling, it helps the environment and keeps public spaces clean.
- You can discharge the waste by opening the lid on the bottom.
- Easy to clean.
