

SHARPS CONTAINER PC-8

DESCRIPTION

The material of the disposable **SHARPS CONTAINER PC-8** is polypropylene with no more than 1 ppm of heavy metals; it's chlorine-free.

- The clear view from the lids avoids overfilling.
- It's sterilizable, incinerable, and it doesn't pollute.
- Leak-proof and fracture-resistant if it falls.
- Destructible by incineration.
- It includes a needle remover and an opening for the deposit of other sharp waste.
- It has safe and secure lids.
- Puncture resistance of 12.5 N.
- It's labeled with the caption "SHARP BIOHAZARDOUS MEDICAL WASTE" and it includes the universal symbol of Biohazard.
- It complies with the **NOM-087-SEMARNAT-SSA1-2002** standard.

FUNCTIONALITY

The **SHARPS CONTAINER PC-8** is perfect for sharp waste collection and discharge and guarantees the correct disposal of biohazardous waste.

The sharps containers fill up to 80% of their capacity and are closed before being transported to the temporary storage place. They cannot be opened or emptied.

CUSTOMIZATION

It includes the symbol and the caption "Biohazard."
